# Our Story

Founded in 2012, Merkan Stone began with a simple mission: to bring the finest natural stones from Türkiye to the world. Over the years, we have grown into a trusted supplier of high-quality marble, granite, quartz, travertine, onyx, limestone, porcelain, ceramic, and mosaics. Our passion lies in transforming nature's raw beauty into materials that inspire architects, designers, and builders across the globe.

Whether in block, slab, or custom-cut form, every product we deliver reflects our commitment to craftsmanship, precision, and sustainability. From large-scale commercial projects to bespoke residential designs, our stones are carefully sourced and crafted to meet the unique needs of each client. At Merkan Stone, we don't just supply stone; we offer solutions that bring creative visions to life and create lasting value.

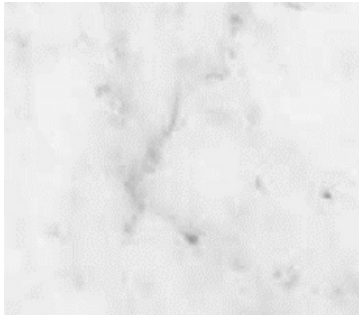

Where art and architecture converge  
—our mosaics blend intricate  
craftsmanship with natural stone  
beauty, creating timeless
